*“I had a very successful experience with **A Full Circle Adoptions**. I had gone through two other agencies before finding Full Circle. We had initial meetings with the agency’s social worker, and were provided information about adoption, including our rights. They also reviewed our needs indepth. Marla was very helpful with arranging the meetings with the couples and wonderfully supportive in my choice of adoptive parents. The agency helped me with my financial needs (determined by my state’s laws). I am very happy with the end result. The adoptive couple I chose could not be more perfect for my baby boy. Finding Full Circle was my destiny. I am so happy they were there for me **every step of the way**.”*
